**High Performance, industrial grade Coin Vortex for Fund Raising & Businesses.  
Excellent for Gift Matching Programs.**

Proven, profitable and successful, our **Whirl-A-Wish®** is an amazing attention grabber and big revenue generator for any nonprofit organization. Its billboard sign on top of the machine attracts donations for the organization of your choice. Drop a coin into one of the launchers and watch it spin around the vortex, spiraling down into the center of the coin funnel as it tries to defy gravity. Our coin funnels have two coin slots, letting more than one person donate at a time! When the coins reach the bottom, they drop through a small hole into a secure lock box – all you have to do is access the secure coin bag inside and take the money to the bank!

**Charities and Fundraisers:** Many local and national charities are looking for new and unique fundraising ideas. Look no further! The **Whirl-A-Wish®** is what you're looking for. There are several types of coin funnels on the market. Most are costly, bulky, and large. The **Whirl-A-Wish®** coin funnel is the least expensive vortex on the market and provides excitement in retail store, hospital, mall or doctor's office. There is room for it anywhere, and all ages will enjoy watching the coins twirl and rush around the funnel.

What about a fundraising product with no products to sell that is an easy and efficient way to raise money for your school? **Whirl-A-Wish®** is a turnkey fund raising product that works 24/7 with little or no effort. This coin vortex will attract income and excitement in any location. Just place one or more units at various locations and immediately your school or church will have advertising and unlimited income.
